

FILTERED DRINKING WATER SERIES

AquaTaste - AquaScale - AquaGuard

Enjoy perfectly filtered water, on tap! The Kinetico Filtered Drinking Water Series delivers great tasting water without the hassle, 24/7.

AquaTaste - MACguard 7000

With a 5 micron granular activated carbon filter, the AquaTaste will improve the taste, smell and colour of your drinking water.

AquaScale - Model 9000

The AquaScale filter reduces the hardness ions, calcium and magnesium, in your water and eliminates limescale build-up in your kettle, iron and food steamer, keeping them in pristine condition for longer.

AquaGuard - MACguard 7500

With a 1 micron block carbon filter AquaGuard eliminates sediment, chlorine, pesticides and insecticides, as well as lead and cysts.

World leading

Founded in 1970, Kinetico is considered a world leader in water treatment solutions.

Non-Electric

Powered by the kinetic energy of moving water.

MACguard*

Shuts off automatically when expired to safeguard against impurities.

*AquaTaste and AquaGuard only.
